

# PRINCE2<sup>®</sup> Practitioner

PRINCE2<sup>®</sup> is an internationally recognised best practice project management methodology. Since its inception in 1989, it has been widely adopted and successfully implemented throughout both the public and private sectors around the world. PRINCE2 Practitioner Level follows on from the Foundation element looking at how the principles, techniques and processes learnt previously and required for successful project management are applied in the real world.

## Why Best Practice Training?

- Proven track record and excellent pass rate - 81% (industry average = 76%. Jan to Sept 2014.)\*

## Course outline

The emphasis at Practitioner Level is on the application of PRINCE2 principles and practices in the real world. The exam takes place in the morning of the second day. The course is conducted through interactive group study using practical examples and activities.

## Our courses include:

- Full colour, high quality accredited courseware
- Experienced and accredited trainer
- PRINCE2 Practitioner exam
- Pre-course reading to help you prepare for the course and exam
- Refreshments and lunches

## Course content

### Application of PRINCE2

- The topics covered at Foundation Level are reviewed and using two case studies supplied by the examination board, delegates are given an understanding of how PRINCE2 is applied and how it can be tailored to the project environment.

### Exam preparation

- Group review of sample exam papers to help prepare for the exam.

### Evening study

- Delegates are expected to spend time reading and reviewing course materials each evening throughout the course. This extra study is necessary to pass the exam.

## Exam details

A two and a half hour exam is taken in the morning of day two of the course.

It consists of eight questions worth 10 points each and the pass mark is 55%.

This is an open book exam meaning that entrants may refer to the PRINCE2 manual during the exam.
